Editor: Ralph Jackson

Volume 7, Number 8

November, 1975

THE PREZ SEZ: Stan Bogaczyk

New Members are vital to a successful organization. The following article is worth repeating for our benefit. Let's also put more effort into welcoming and extending our hospitality to guests at meetings and at the flying site. Share our hobby.

I'm a new member..... I see you at the meetings,
But you never say hello
You're busy all the time you're there
with those you already know.
I sit amongst you fellows
and yet i'm a lonely guy.

The new fish are as green as I,
But the old fellows pass us by.
But darn it, you guys ask us in
and talk of fellowship.
You could just step across the room
but you never make the trip.

Why can't you nod and say hello,
 or stop and shake my hand,
 Then go and sit amongst your friends,
 Now that I'd understand.
 I'll be at your next meeting,
 hoping a nice time to spend.
 Do you think you could introduce yourself?
 I want to be a friend.

AGS AUCTION: Dick Allen

The annual AGS auction will be held at the November meeting, Tuesday November 11, 7:30 pm at the Hooper School. Bring all of your goodies which you feel need another home. Also bring your wallets so that you can take advantage of the fantastic bargains.

We are again fortunate to have the services of world famous Don Harrington who will be the auctioneer.

Ground rules for the auction are that all sales are between the high bidder and seller only. The club receives no percentage and is not involved in the payment. If bidding is not high enough on a particular item, the owner may place a high bid and retain possession.

As a special feature, this year, a separate table will be provided for members who wish to donate items to the auction for the benefit of the new field fund. Proceeds of sales of these items on the special table will be added to the new field fund.

NEW FLYER DEVELOPMENT: Larry Taylor

This is a continuation of the chart which was started in the July, Aug, Sept 1975 Connector. It lists models built by AGS members and is printed to help new members obtain additional help in selection and construction of models.

Aircraft Name	Type HW=High Wing LW=Low Wing	K=Kit P=Plans	Kit Mfr. Plans Source	Builders
Champ	HW trainer	K	deBolt	Bob Arnold Mike Rushanski
