THE PREZ SEZ: Terry Terrenoire

At last the year has come to an end; and a very successful year at that. As I outlined last month many goals have been met and we can set our sights on new horizons.

I feel that in the past year the club has grown stronger and has more to offer the newcomer in the form of better meetings, excellent companionship, and a beautiful flying site.

Now all we have to do is reach and educate the non-members and former members. As has been stated in the past, a doubling of our membership would virtually eliminate our financial problems.

I would like to offer my sincere thanks to those of you who have contributed so much to the progress we have made in 1976. And a very special thanks to all the Board members who gave up many hours of building and flying in order that you, the members, would have a better club.

In closing, let me wish the new AGS President and Board of Directors the best of luck in the year ahead.
