

THE CONNECTOR

THE NEWS LETTER OF THE AEROGUIDANCE SOCIETY

Volume 14    Number 10    Oct., 1981

Editor: Don Leaf  
3627 Leonard Dr.  
Endwell, N.Y. 13760 754-4156

President - Ralph Jackson  
Vice President - Bob Jennings

Secretary - Dave Houser  
Treasurer - Jerry Skreckoski

**PREZ SEZ:** The AGS Annual Meeting will be held Tues., Oct. 13, at 7:30 p.m., at NYSEG. Club officers will be elected at this meeting. A Nominating Committee will present a slate of candidates and nominations will also be accepted from the floor (no chairs?) Hank Farrell will present the Historian's Report on club activities during the past year.

**DUES DUE:** \$25 this meeting (Oct.); the remaining \$20 in March. It's a bargain - with inflation, the dues are actually dropping each year! I bet that they are no more (maybe less) than when the club started, in terms of buying power. From another viewpoint, the dues are no more than a typical intermediate type plane kit!

**WANTED:** Aspiring or experienced journalist or BSer to edit a famous club Newsletter. Candidate must be able to read/write American at third grade level and lick stamps. Pay is commiserate with lack of ability. Benefits include being able to read the Newsletter first. Call any AGS Board Member to apply. The current editor is retiring to pursue his hobby of building model airplanes.

**AT RHINEBECK:** Ralph Jackson placed first in Giant Scale with his big Proctor Neuiport and Dick Allen won second in Maneuvers. Dick and the first place winner were incredibly close in points - it could have gone either way! Congratulations, gentlemen.

**MANY THANKS:** to Edie Allen who has typed the Newsletter for these past two years and saved me so much valuable time, plus wear and tear on my two index fingers - thanks again, Edie.

**GREETINGS:** to the new officers, whoever they are - let's make this year be a fun year with lots of activities, plus help for newcomers!

**PS!** Duro makes a superglue remover! I bought a tube at Bradlees in the Mall - have not had occasion to use it yet. Every modeler should have a tube, particularly if there are young children in the family.

AGS BASIC TRIATHELON

Dick Allen

Despite high winds and cold weather, eight club members showed up to enter our Intraclub contest on Sunday, Oct. 4. I received several favorable comments after the event. We did seem to enjoy ourselves despite the weather.

One disappointment was that only 2 people entered Novice -- this despite a handicap system favoring non-aileron, high-wing aircraft.

Bob Noll won Expert and Jerry Skreckoski won Novice. Bob had the best race time; Bill Underkofler posted the best Aerobatics score. Ron Grodevant won the Shortest-Flight-of-the-Day award.

The Quickee's seemed to come out of the woodwork! Only one plane entered was not a Quickee. Let's get some of them up to the Syracuse Quickee Pattern Meet next year, gang.

Many thanks to Jerry Skreckoski for getting the prizes together; and to George "Japan-here-I-come" Brooks for giving the club such a good deal on them.

Listed below are the results:

Name	Handicap Score	Race (Time) Score	Aerobatics Score	Final Score
<b>Expert:</b>				
Bob N.	100	(37.3) 100	76	276
Bill U.	95	(37.5) 99.5	79	274
Dick A.	100	(45) 82.9	73.5	256
Dan U.	100	(46.5) 80.2	72.5	253
Chris E.	100	(52.5) 71.1	66.5	238
Ralph J.	100	(52) 71.7	54.5	226
<b>Novice:</b>				
Jerry S.	90	(55) 100	61	251
Ron G.	90	-	-	190

CHANGE OF ADDRESS:

Richard Powell  
Box 255 Maple Shade Park  
Rt. 17C  
Owego, N. Y. 13827

Phone: 687 - 0652

AGS PICNIC: Thanks to Ron Grodevant we did have the Club Picnic last Sunday. Unfortunately, it shared the same marginal weather with the Intraclub Contest. Oh well, that sure made the hamburgers taste great. Next year, let's try for August!

MANY THANKS:

Dick Allen

The AGS thanks Don Leaf for editing the Connector for the past 2 years. Well done, Don! Edie enjoyed your neatly printed rough drafts and we both looked forward to being the first to appreciate your subtle humor each month. Now let's get some airplanes built!
